Democrats Nominate John O. Fox For Senator—Ty Cobb to Play in Sunday's Game—Entry Day at Woodstock Fair—Schools to Close Noon on Columbus Day—Fire Escape Law Will Be Enforced.

John O. Fox, former sheriff of Windham county and at one time a member of the democratic state central committee, was on Thursday at a convention held in the Chickering hotel, in this city, unanimously chosen by delegates representing the towns of Putnam, Killingly, Thompson, Woodstock, Eastford and Ashford, the party nominee for senator from the Twenty-Eighth district.

The convention was an exceedingly harmonious affair and the informal discussions and addresses relative to the coming state and national campaigns were indicative of the delegates' faith that the party's prospects are satisfactory.

Dr. Omer Larue of this city was the chairman of the convention and Alcott D. Sayles of Killingly was clerk. All of the towns in the district were represented at the convention.

Mr. Fox thanked the convention for the honor conferred upon him and in a brief speech of acceptance signified his intention to help the party to success.

After the business session the delegates sat down to a splendid dinner arranged by Landlord James Lucey, who since coming to Putnam has made many changes and improvements at the hotel and has well merited the success he has achieved. There was a varied menu for the political delegates and the prominent democrats, including city officials that sat about the tables, the party numbering 33.

Those present for the convention and dinner were: Postmaster Patrick Foley, Dayville; Judge J. Harry Mann, Putnam; John O. Fox, Putnam; A. D. Sayles, Killingly; Albert J. TY COBB TO PLAY.

Baseball Star to Appear in Colonials' Lineup in Sunday's Game.

"Ty"—Ty Cobb, did you say? None other. The old speed boy is going to be here Sunday, impossible as such an announcement may first seem. Mr. Fan, President Thomas McDermott of the local club announced Thursday afternoon that the greatest star in baseball will positively appear in the lineup of the Colonials or New Haven when that great team appears here on next Sunday afternoon.

Mr. McDermott has been negotiating for this team for several days, but did not succeed in closing the arrangements until Tuesday. With most of his announcements scattered broadcast through the town, he is very much surprised to be informed over the telephone by the Colonial management at New Haven that if that team was to play here it would be on Sunday.

Mr. McDermott is going to be there with something to boast of. He is going to tell them to come along and bring "Ty" who will be over in Boston tomorrow, catching the opening game of the "World's Series."

As previously announced, Mr. McDermott has booked Cannibal Redding, the greatest pitcher in the world, Jimmy Clinton, the Million Dollar Kid, to do his pitching in Sunday's game. Putnam is going to be there with something to boast of. He is going to tell them to come along and bring "Ty" who will be over in Boston tomorrow, catching the opening game of the "World's Series."

WOODSTOCK FAIR.

Thursday Was Entry Day—Opening Late This Year.

From the four generally spoken of points of the compass, there came to the Woodstock fair grounds Thursday, entry day, a thousand and one exhibits representing the best that the farms in this section of the county, and some towns across the Massachusetts border, have to offer as likely to win the blue ribbons, special and regular premiums and other marks of honor and distinction to be awarded today by the judges in the various departments of the annual exhibition.

The Woodstock fair is of its regular schedule this year, due to a postponement on account of the infantile paralysis scare, from early September. But, in looking about the grounds and through the building Thursday, there was nothing to indicate that the fair has lost anything by the delay that was deemed so necessary.

There is a great exhibit in the cattle and poultry departments. The exhibition buildings are crowded with splendid displays of dairy products, examples of the culinary art, hundreds of vegetable and fruit entries, flowers, and many other things of interest.

No events were scheduled for Thursday, which was entirely given over to the arrangements of displays and getting things in shape for today, the first of the big days of the fair.

OBITUARY.

George Coman, 70, for many years a resident in this section, died Thursday at the home of his son in the town of Thompson. The body was brought to this city.

Distributing Campaign Literature. Both political parties are preparing to flood the towns in this section with campaign literature. The first issues spent wisely, judiciously and properly during the last fiscal year.

Another committee made up of E. E. Lightburne, E. C. Babson and L. V. Havens is appointed to devise and report upon a complete and modernized system for keeping the town's account books.

At Monday's annual town meeting some very suggestive things were said by some of those who were in attendance and the comments have since been the basis of considerable talk in every section of the town of Brooklyn.

The result is that there is a great deal of interest in the forthcoming report of the committees, which are expected to do justice to all.

of the series are expected to appear during the coming week and will register entry thereafter until election time.

Secretary Charles L. Torrey of the town school committee announced on Thursday afternoon that the public schools in Putnam will be closed next Thursday, Columbus day, at noon in order to enable the children to witness or take part in the big observance of the day in this city.

Will Enforce Fire Escape Ordinance.

The common council has directed Chief D. Arnold of the fire department to see that owners of buildings obey the state laws requiring that the buildings be adequately equipped with fire escapes. It is understood that there are some buildings in the city that are not properly equipped with such escapes.

TOTAL RUIN OF THE GERMAN TOBACCO INDUSTRY

Sale of Cigars and Cigarettes is Steadily Diminishing.

Leipzig, Germany, October 5.—Total ruin of the German tobacco industry is predicted by the Fabrik Zeitung, the organ of the combined tobacco manufacturers and dealers in Germany. It points out that the sale of cigars and cigarettes, which had been diminishing steadily since the end of 1914, sank to a minimum during August 1915. The trade organ complains that men who formerly smoked cigars

"SPIRIT OF 1916" IN GREECE.

As the three men shown in the picture paraded the street of Saloniki, where they were photographed, they reminded some Americanized Greeks of the American painting, "The Spirit of 1776", and the picture was dubbed "The Spirit of 1916" in Greece.

As these have caused much trouble in Saloniki and the surrounding country, their lawlessness and their activities will probably be restricted severely when Greece begins active operations against the Bulgars and Turks.
